Our Etrusco glazed ceramic tile recreates the classic look of ancient Etruscan baths of long ago. With rustic edges, a modulating color blend on every tile, and a natural stone look, Etrusco is certain to impress everyone around the pool. Special decorative and mosaic tiles give any pool or spa the same beauty and character as the great Etruscan rooms.

Nevada

Silver
6"x6"—88925

Copper
6"x6"—88926

Nevada's unique textured surface makes a dramatic impression at the waterline and on outdoor barbecues. Like a painted desert, Nevada's extreme color variation mimics a sunset with twilight blues, faded amber, soft yellows, brilliant coppers and muted grays.

- Etrusco specialty pieces include 3"x12" surface bullnose, quarter round, v-cap and 12"x12" field tiles.
- Nevada specialty pieces include 3"x12" surface bullnose, v-cap and 12"x12" field tiles.

Decking

Resilient and tough, *Pietra Naturale* is offered with two distinct finishes—slate and flamed—each with four color choices. The slate finish resembles the natural characteristics found in authentic slate. The flamed finish exposes a more rugged texture. Both are ideal for high-traffic areas indoors and outdoors. *Pietra Naturale* is perfect for pool decks, patios and walkways. Add the mosaics for a personal touch!

Important Decking Product Information

Recommended Usage

Portobello's Porcelain Stoneware products and Portobello's Ceramic Tile floor tiles are recommended for interior walls and floors and exterior walls in both residential and commercial application when proper installation methods are followed. Application requirements vary for decorative tile. D'Ampezzo and Ferrara are recommended for exterior horizontal surfaces and exterior paving. D'Ampezzo and Ferrara, while slip-resistant, are not recommended for areas where standing water can accumulate. Because of this and because of the nature of family pool areas in which large amounts of water can splash on the deck at any given moment creating momentarily the same conditions as standing water that can create a slippery condition, special care should be taken in the proper product selection. To avoid injury please consider your usage and activity level, the slope of your pool deck and your drainage system when considering these or any decking material. Please check local building codes prior to specification or installation to verify that the technical characteristics specified herein comply with all required parameters.

Care and Maintenance

Regular cleaning is the best way to maintain your porcelain stoneware. Use clean, hot water (combined with a neutral household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers needed. See Portobello's "How to Care for Porcelain Stoneware" brochure for more details.

Warranty

Please consult the Company's Terms and Conditions on Sale for important product information and complete warranty details.

Test Results and Technical Data

Manufactured in accordance with ANSI A 137.1 standards.

Test	Industry Standards	D'Ampezzo Porcelain Stoneware Test Results	Ferrara Floor Tile Test Results
Abrasion Wear	ASTM C-504	>100	175-235
Bond Strength	ASTM C-482	>50 PSI	>200 PSI

Portobello Mosaics

Brilliantly hand-painted images depict a variety of dazzling sea creatures. These luminous illustrations can be used in pools to embellish steps, floor or side walls. Beautify plaster walls, barbecues and counter tops—let your imagination guide you. Our radiant mosaics are available individually or as complete group scenes. Many other pieces are available as well as custom designs. Contact the nearest branch for details.
