CONTENTS

Other Products see pg. 45
- 6" x 6" Bullnose

Color Variation
The natural beauty of glazed tile lies in its subtle shade variations. Manufactured tile may vary from these shown. Visually check the actual shade before installation.

Recommended Usage, Care and Maintenance, and Warranty information on page 45.

Pool & Spa Waterline: Empire Aztec 6" x 6" & Aztec Deco 6" x 6". Pool & Spa Raised Wall: Empire Aztec Mosaic 2" x 2" & Multicolor Mosaic 2" x 2".

Sea Life Mosaics

Brilliantly hand-painted images depict a variety of dazzling sea creatures. These luminous illustrations can be used in pools to embellish steps, floor or side walls. Beautify plaster walls, barbeques and counter tops—let your imagination guide you. Our radiant mosaics are available individually or as complete group scenes. Many other pieces are available as well as custom designs. Contact your nearest branch for details.

All-Tile Pools and Spas

Enjoy luxurious resort-style living in your own backyard! True, rich, vibrant color illuminates from the smooth, easy-to-care-for surface of an all-tile pool. Our 1"x1" glazed porcelain tiles are a beautiful and durable alternative to traditional surface finishes. Make your dream a reality with an all-tile pool.

Recommended Usage
All tile Pools – Pool Step Lining.

Portobello sells many products that can be used for All Tile Pools or for Hot Tub applications. While these products are commonly used and requested for these applications, care must be taken in their selection. Most tiles when installed under water will not constitute a slip resistant surface. Portobello sells many products in a textured and slip resistant surface with a COF rating starting with 0.6 and up to 0.8 or greater if you have concerns. To avoid injury please consider your usage and activity level, the slope of your pool floor and steps when considering these or any materials. Please check local building codes prior to specification or installation to verify that the technical characteristics specified herein comply with all required parameters.

Color Variation
The natural beauty of glazed tile lies in its subtle shade variations. Manufactured tile may vary from these shown. Visually check the actual shade before installation.

Recommended Usage
Portobello's Porcelain Stoneware products and Portobello's Ceramic Tile floor tiles are recommended for interior walls and floors and exterior walls in both residential and commercial application when proper installation methods are followed. Application requirements vary for decorative tile. Portobello does not recommend any tiles for exterior horizontal surfaces and exterior paving unless they have a rating of 0.6 COF or greater, and have a tile surface that is textured. Portobello does not recommend polished or semi-polished products for wet areas. Portobello use the ASTM C1028 standard for testing slip resistance. Portobello Decking tiles while slip-resistant are not recommended for areas where standing water can accumulate. Because of this and because of the nature of family pool areas in which large amounts of water can splash on the deck at any given moment creating momentarily the same conditions as standing water that can create a slippery condition, special care should be taken in the proper product selection. Portobello recommends that for all sloped areas of the deck regardless of the degree of incline that the tile be textured and had a COF rating of 0.8 or higher. To avoid injury please consider your usage and activity level, the slope of your pool deck and your drainage system when considering these or any decking material. Please check local building codes prior to specification or installation to verify that the technical characteristics specified herein comply with all required parameters.

No tile products in this brochure should be used as an outdoor decking material including 12"x12", 9"x18", 18"x18", and 24"x24" sizes in the following lines: African Slate, Gavea Stone, Indian Slate, Jerusalem Stone, Pietra di Toscna, Selecta, and Vintage.

Care and Maintenance
Regular cleaning is the best way to maintain your porcelain stoneware. Use clean, hot water (combined with a neutral household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots.
No waxes or sealers needed. See Portobello's "How to Care for Porcelain Stoneware" brochure for more details.

Warranty
Please consult the Company's Terms and Conditions on Sale for important product information and complete warranty details.
