Master Tile Pool Division supplies the finest in swimming pool tile, coping, plastering, and decking products. Since our origin in 1998, Master Tile has been a leader in the introduction of new and innovative products for the swimming pool industry. We import waterline tile from premium manufacturers throughout the world. Our coping lines include kiln-fired clay brick as well as imported natural stones.

We have locations in Houston, Dallas, Oklahoma City, New Jersey, Tampa, Anaheim, Las Vegas and Sacramento. Through our numerous locations and well-stocked inventory, Master Tile is capable of shipping material directly to customers, anywhere in the U.S. on a daily basis. Our state-of-the-art showrooms and website offer our customers an opportunity to manipulate and view their tile and coping selections in a way that will allow them to visualize them on a pool. Master Tile also supplies samples to further assist in the selection process.

You may call or visit us online at www.MasterTilePool.com

Dry Treat Sealers

ENHANCE-PLUS is a penetrating and breathable sealer used to enrich and enhance the color of natural stone, pavers and natural stone tile. Follow application instructions.

ENHANCE-PLUS

STAIN-PROOF is an invisible and breathable sealer suitable for all natural stone, pavers and natural stone tile. Guards against surface staining, retains existing color and finish, and guards against salt attack. Ideal for indoor and outdoor use on natural stone decks and pool coping. STAIN-PROOF also available in ACETONE, which will darken some stones. Follow application instructions.

STAIN-PROOF

DRYTREAT 40SK is an impregnating sealer used to consolidate and strengthen surfaces and repel water. Protects stone surfaces from water penetration and salt damage. Follow application instructions.

DRYTREAT 40SK

Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation. Use constitutes acceptance.
Natural Stone coping and deck tiles are available in seven beautiful colors. They are available in various sizes of coping and paving tiles. They are ideal for interior as well as exterior uses. As with any natural stone, slight imperfections in color, size and shape are to be expected. We strongly recommend inspection before installation. Use constitutes acceptance.

SIENNA GOLD HONED

Expect shade variation

SIENNA GOLD TUMBLED

SHELLSTONE

Freeze-Thaw Warning: Shellstone not recommended for climates where severe freeze-thaw cycles are experienced.

Natural Stone Pavers

A chiseled edge gives these natural stone pavers a beautiful rustic appearance. They can be installed over concrete decking or used in a sand set method. Sand setting reduces installation cost and minimizes the effects of deck movement. Natural Stone Pavers size: 6" x 12" x 1 3/4". Expect variations in shading. We strongly recommend inspection before installation. Use constitutes acceptance.

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation. Use constitutes acceptance.

All slate products must be sealed (see page 35). Sealing will prevent water penetration that can affect the durability of the stone. Water penetration can also damage the material in freezing conditions.

Sealing is an absolute MUST to guard against salt attack on pools.

TILE: SAI SPA BIA & Deco  COPING: Riviera

www.MASTERTILEPOOL.com

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation. Use constitutes acceptance.
Natural Slate has a texture and range of color unlike any other natural stone. Slate combines beautifully with other natural materials and is an excellent choice for exterior applications. It is available in a variety of colors and sizes for decking applications. As with any natural stone, expect slight imperfections in size and shape. Wide ranges in color enhance slate’s natural beauty, as no two pieces are alike. We strongly recommend inspection before installation. Use constitutes acceptance. Some flaking of slate should be expected after installation. Condition will lessen over time.

Pool Coping Brick

This series is the Cadillac of all coping brick. Smooth, rounded edges give that distinct look of perfection.

Available in 8" and 12" Coping and a 1/4" Paver

FLORIDA BRICK & CLAY

* Freeze-Thaw Warning: Cadet Gray, Birch & Bone are not recommended for climates where severe freeze-thaw cycles are experienced.

FLORIDA BRICK & CLAY RETRO

This 3/8" thick coping brick is an excellent option for pool remodeling or for installation on new fiberglass pools.

* Freeze-Thaw Warning: Birch & Bone are not recommended for climates where severe freeze-thaw cycles are experienced.

MARIION CERAMICS

This line features a rolled cushion edge that provides a clean, precision look with no sharp edges.

Available in 9" and 12" Coping and a 2 1/4" and 1/4" Paver

MUTUAL MATERIALS

Available in 9" and 12" Coping, 2 1/4" Paver and 1" Paver.

1" Paver not available in Ebony

SAFETY GRIP COPING

Shade variations are an inherent characteristic of all klin-fired clay brick. This variation enhances its natural beauty. Please inspect actual shade of brick before installation. Use constitutes acceptance.
Nu-Deck is a polymer modified Portland cement based decorative coating, designed to enhance the appearance of any concrete surface. The product can be sprayed on and knocked down to provide a textured finish. It can also be trowel applied over stencils or carved to give the deck a stone, tile, or brick look.

Krystal Krete is an exposed aggregate pool finish from CL Industries. This advanced formulation of polymer enriched Portland cement and natural quartz improve depth perception and resist harsh pool chemicals, all while providing a comfortable, slip resistant finish.

Depth Markers
Master Tile stocks a complete line of depth marker tiles in both a glazed finish for the water line as well as a non-skid finish for pool decks.

Class Block

Polaris Power Fall
Available in 12" to 60" lengths with standard or extended lip.
