Note: All simulated water colors are approximated. Many elements can create shifts in the final color – from sunlight and shading, to the time of day, to the mineral content in the water which changes from region to region. For more information, ask your pool contractor to help determine your final color and results.

Note: The shade of pool finishes may vary within any given color – an inherent quality that enhances beauty. Visually check a sample of the actual product before installation. To see how any of our tiles look installed, dive into our website www.nptgonline.com.
