Cepac's Pool/Spa Tiles are always frost proof, acid resistant and stain resistant porcelain tiles. Since variations of shade are inherent characteristic of kiln fired products, visually inspect all merchandise prior to installation. No claims will be considered or allowed after installation. Cepac Tile is not responsible for labor costs, material replacement or any other charges.

Please note that use constitutes acceptance. Colors shown in this brochure may differ slightly from the actual product due to the limitations of printing inks. Samples can be provided for verification of the actual color.
