Master Tile supplies the finest in swimming pool tile, coping, plastering, and decking products. Since our origin in 1998, Master Tile has been a leader in the introduction of new and innovative products for the swimming pool industry. We import waterline tile from premium manufacturers throughout the world. Our coping lines include kiln-fired clay brick as well as imported natural stones.

We have locations in Houston, Dallas, Oklahoma City, New Jersey, Tampa, Anaheim, and Las Vegas. Through our numerous locations and well-stocked inventory, Master Tile is capable of shipping material directly to customers, anywhere in the U.S., on a daily basis. Our state-of-the-art showrooms offer our customers an opportunity to manipulate and view their tile and coping selections in a way that will allow them to visualize them on a pool. Master Tile also supplies samples to further assist in the selection process.

Trim Tiles available in Florida only, allow for shipping into our other locations. Not Frost Proof.

*Also available in slip resistant

www.mastertile.com

Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.
**Travertine Stone**  Coping and deck tiles are available in eleven beautiful colors. They are available in various sizes of coping and paving tiles. They are ideal for interior as well as exterior uses. As with any natural stone, slight imperfections in color, size and shape are to be expected. We strongly recommend inspection before installation. Use constitutes acceptance.

**Classic Travertine Coping 3cm**

Call your local branch for pricing and availability.

Slightly thinner at 1¼" thick, this travertine coping offers the elegant look of natural stone at a price level comparable to flagstone as well as brick bullnose coping.

**TORREON**

- **Honed 12 x 12 Coping**
- **Tumbled 12 x 12 Coping**

**NOCHE**

- **Honed 12 x 12 Coping**
- **Tumbled 12 x 12 Coping**

Expect shade variation

All natural stones must be sealed (see page 41). Sealing is an absolute MUST to guard against salt attack on salt water pools, as well as water penetration that can affect the durability of the stone. Buyer must determine that the product’s slip resistance is acceptable for an outdoor application.

**Travertine Pavers**

Call your local branch for pricing and availability.

- **Torreon Tumbled Versailles**
- **Noche Tumbled Versailles**

Freeze-Thaw Warning: Torreon and Noche Tumbled Travertine coping and Travertine Pavers are not recommended for climates where severe freeze-thaw cycles are experienced.

Freeze-Thaw Warning: Noche Tumbled & Torreon Stone Tumbled are not recommended for climates where severe freeze-thaw cycles are experienced.

All Natural Stones must be sealed (see page 41). Sealing is an absolute MUST to guard against salt attack on salt water pools, as well as water penetration that can affect the durability of the stone. Buyer must determine that the product's slip resistance is acceptable for an outdoor application.

Expect shade variation

www.mastertile.com

Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.
Travertine Stone

All natural stones must be sealed (see page 41). Sealing is an absolute MUST to guard against salt attack on salt water pools, as well as water penetration that can affect the durability of the stone. Buyer must determine that the product’s slip resistance is acceptable for an outdoor application.

Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.
Natural Slate has a texture and range of color unlike any other natural stone. Slate combines beautifully with other natural materials and is an excellent choice for exterior applications. It is available in a variety of colors and sizes for decking applications. As with any natural stone, expect slight imperfections in size and shape. Wide ranges in color enhance slate’s natural beauty, as no two pieces are alike. We strongly recommend inspection before installation. Use constitutes acceptance. Some flaking of slate should be expected after installation. Condition will lessen over time.

Pool Coping Brick

**FLORIDA BRICK & CLAY**
This series is the Cadillac of all coping brick. Smooth, rounded edges give that distinct look of perfection.
Available in 8” and 12” Coping

* Freeze-Thaw Warning: Cadet Gray, Birch, and Bone are not recommended for climates where severe freeze-thaw cycles are experienced.

**FLORIDA BRICK & CLAY RETRO**
This ⅜” thick coping brick is an excellent option for pool remodeling or for installation on new fiberglass pools.

* Freeze-Thaw Warning: Birch & Bone are not recommended for climates where severe freeze-thaw cycles are experienced.

**MUTUAL MATERIALS**
Available in 9” and 12” Coping, 2 ¼” Paver and 1” Paver.
1” Paver not available in Ebony

**MARION CERAMICS**
This line features a rolled cushion edge that provides a clean, precision look with no sharp edges.
Available in 9” and 12” Coping and a 2 ¼” and 1/2” Paver

**SAFETY GRIP COPING**

Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.
**SGM Spraydeck**
Add beauty to concrete decking with this slip resistant, comfortable deck surface. This is the perfect choice for pool and spa decks, walkways, entrances, and driveways.

**River Rok**
Natural Pebble Pool Finish

- Lucayan Blue
- Pebble Beach
- Emerald Black

River Rok is an advanced, revolutionary interior pool finish. This surfacing technology is blended with premium natural stones that are smaller than traditional pebble finishes. This unique material retains its original finish for years.

**Depth Markers**
Master Tile stocks a complete line of depth marker tiles in both a glazed finish for the water line as well as a non-skid finish for pool decks.

**Diamond Brite**
An exposed aggregate pool finish blended from natural quartz aggregate, polymer modified cement, and non-fading color quartz in a stunning variety of colors. This unique interior pool finish is durable, easy to maintain and comfortable to swimmers' feet.

- Indigo Blue
- Cool Breeze
- Lagoon
- Azul
- Dove Grey
- Emerald
- Laguna Blue

**Sandy Sheer Descent**
Available in 12” to 60” lengths with standard or extended lip

**Dry Treat Sealers**
- **DRY-TREAT 40SK** is an impregnating sealer used to consolidate and strengthen surfaces and repel water. Protects stone surfaces from water penetration and salt damage. Follow application instructions.
- **META CRéME™** is the next generation impregnating sealer which surpasses all others in performance, durability and protection. It is a one time, low VOC sealer which is the ultimate in environmentally responsible protection for stone, tiles, bricks, paving, concrete and grout.
- **ENHANCE-PLUS** is a penetrating and breathable sealer used to enrich and enhance the color of natural stone, pavers and natural stone tile. Follow application instructions.
- **STAIN-PROOF** is an invisible and breathable sealer suitable for all natural stone, pavers and natural stone tile. Guards against surface staining, retains existing color and finish, and guards against salt attack. Ideal for indoor and outdoor use on natural stone decks and pool coping.

**Closeout Tiles**
Closeout products are offered at a discounted price. All sales are final. Please contact the pool branch nearest you to confirm pricing and availability.

Shade and size variations are inherent characteristics in all handcrafted ceramic and glass tile products. These variations are a trademark of handcrafted quality and add to the unique beauty of your individual mosaic. Our mosaic tile has passed ASTM C1026 Standard Test Method for resistance to freeze/thaw cycling, and is impervious to normal pool chemicals. We guarantee our mosaics for life.
