**TILE CHARACTERISTICS**

Slight variations in shades are an inherent quality in ceramic tiles that enhance its overall character. Colors shown in this brochure may vary from the actual color of the products due to the nature of printing inks.

**DISCLAIMER**

These tile images are only representations of the actual tile. We strongly suggest that the product be seen prior to purchase and installation. Samples can be provided upon request.

**INSPECTION**

It is the buyer’s responsibility to inspect all material at the time of purchase and prior to installation. Fujiwa will not be liable nor recognize any claims made, post-installation with reference to size, shade, quality or colors of trims or surfaces. Use of tiles constitutes acceptance.
What are ‘DESIGN MOSAIC TILES’?

‘Design Mosaic Tiles’ are Fujiwa’s new concept for the design and arrangement of tiles, tailored to each and every project, both indoor and outdoor. Porcelain tiles can be used for so much more than pools; for accents along kitchen tops or even dominating the shower walls. Design Mosaic Tiles can provide tasteful, creative and safe additions to any location.

MIX AND MATCH:
Subtle colors and patterns mixed and matched are perfect on floors. Not to mention, easy to clean, just mop away.

‘OLD & NEW’
Porcelain tile in a brick pattern and bright blend of colors/finish help transform an existing brick facade into a new, modern space.
